IRDRAWER

Innovative **Multifunctional Vending Machine,** adapted to the management of a large number of commodity indexes.

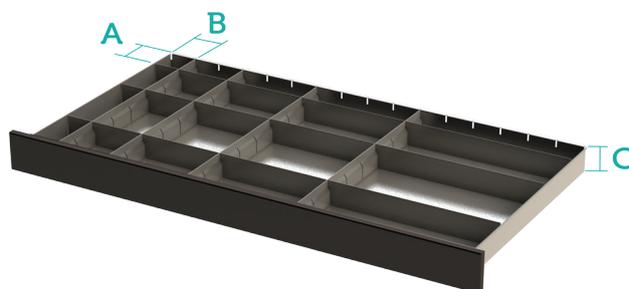

IRDRAWER is **a modern, self-service** vending machine for product distribution. The design, based on a drawer system, offers the possibility of storage of up to **1,792 unique items of different sizes.** Ease of operation is provided **by 21'' touch screen** with modern and intuitive interface. **Two product loading options** enable even faster and simpler filling the machine. The IRDRAWER has a built-in **RFID reader, barcode and QR code scanner** which supports **the product return function**.

IRSYSTEM APPLICATION

- ▶ **24/7 access.**
- ▶ **Drop in** the consumption of products by **up to 50%.**
- ▶ Extensive **product returns** function.
- ▶ **Very large capacity,** 1792 lockers in the machine.
- ▶ **2 types of drawers** within one machine.
- ▶ Multiple **configurations available**.
- ▶ **21'' touch screen** with modern and intuitive interface.
- ▶ **Configuration** as required.
- ▶ **Built-in RFID** reader, barcode and **QR code scanner**.
- ▶ **Monitoring of current status** via the IRSYSTEM web application.
- ▶ **Modularity** allows to combine devices **into sets**.

IRSYSTEM APPLICATION

We offer **proprietary IRSYSTEM software** tailored to the individual needs of the customer for each vending machine, which opens up **unlimited possibilities for remote process management.** IRSYSTEM enables **data migration** and fast communication between the server and machine.

- possibility of **integration** with systems such as ERP, GERP, SAP, etc.
- generating of **automatic reports** and orders
- actual **preview of the inventories** available in the machine
- **management of authorisation** of employee access to the vending machine
