IRLOCKER

Innovative and reliable **Multifunctional Vending Machine**, compliant with the concept of industry 4.0.

IRLOCKER is a **modern and self-service** vending machine used for product distribution. The modular design gives the possibility to store **up to 72* unique items of different sizes**. Ease of operation is provided by **21" touch screen** with modern and intuitive interface. **Two product loading options** enable even faster and simpler filling the machine. The IRLOCKER has a built-in **RFID reader**, barcode and **QR code scanner** which supports **the product return function**.

*1200 - maximum number of lockers in combination with drawers

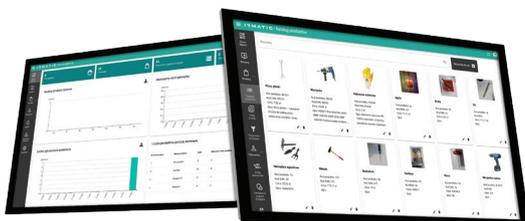

ADVANTAGES

- ▶ **24/7 access.**
- ▶ **Drop in the consumption of products by up to 50%.**
- ▶ **Extensive product returns function.**
- ▶ **Power tool charging capability.**
- ▶ **Large capacity, 72 storage compartments** in the machine or **1200 including drawers.**
- ▶ **2 options for loading** products into the machine.
- ▶ **21" touch screen** with modern and intuitive interface.
- ▶ **Configuration** as required.
- ▶ **Built-in RFID reader**, barcode and **QR code scanner.**
- ▶ **Monitoring of current status** via the **IRSYSTEM** web application.
- ▶ **Modularity** allows to combine devices **into sets.**

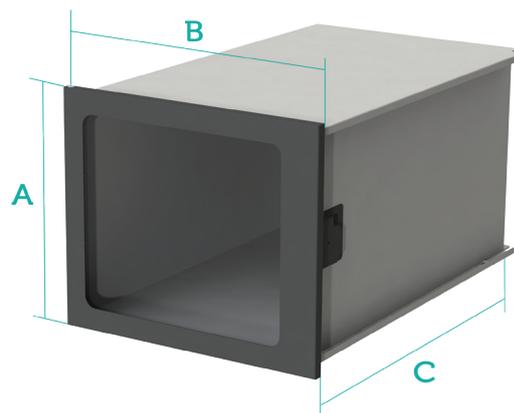

IRSYSTEM APPLICATION

We offer **proprietary IRRSYSTEM software** tailored to the individual needs of the customer for each vending machine, which opens up **unlimited possibilities for remote process management**. IRRSYSTEM enables **data migration** and fast communication between the server and machine.

- possibility of **integration** with systems such as ERP, GERP, SAP, etc.
- generating of **automatic reports** and orders
- actual **preview of the inventories** available in the machine
- **management of authorisation** of employee access to the vending machine
